

In the best of hands.

Finally relaxation. Simply switch off. Feel, how body and soul recharge their batteries. These heavenly prospects can be found in our PURIA Spa. Exercise, sauna, massages, beauty treatments or a dip in the pool – you are spoilt for choice on 1,500 m². Experienced relaxation experts help you to leave your everyday concerns behind.

We could not have made our second spa area more beautiful if we tried: nature itself! Right on the doorstep of the Kurhaus Binz there are the bright, long sandy beaches that stretch for miles around the coast of the Prorer Wiek Bay. The forest and meadows with their extensive network of paths and wonderful views of the Baltic Sea start just five minutes from the hotel. That is why we are so keen to encourage our guests to discover the hotel's environment.

We wish you a relaxing stay.
