CONFERENCES & TRAINING

Successful conferences for 2 to 130 people

The best ideas are not born in one's own office!

Our five event rooms provide the ideal setting for your occasion.

Whether you are planning a results-oriented closed meeting, a symposium with modern technical equipment, a conference dinner in a festive ambience or a get-together in a rustic atmosphere – we will tailor your desired event with you.

WORKSHOPS & BAR CAMPS

Corporate meetings are so much more than conventional conferences!

Creative workshops & BarCamps enhance the performance and possibilities of your team and ensure the best results, moving you forward together as a team. In addition, open programmes ensure a lot of fun for the participants and give them the chance to get to know each other in a rather different way. Our two rooms on the first floor with a connecting gallery as well as access to the roof terrace are perfectly suited for reaching a common goal even in several small groups. Fresh air makes for fresh thoughts!

DISTANCE MEETINGS

Sometimes, not everyone gathers in one place.

Do you also want to include participants in your event who, for example, unfortunately cannot be there in person due to a very long journey? Then we have something for you - hybrid meetings!

Together with a regional partner, we enable you to connect participants externally via modern conference technology.

This means that the conference takes place on site with a reduced number of participants, with additional guests joining from a distance (sample image without technology).

Please contact us for an offer tailored to your requirements!

OUR FUNCTIONAL ROOMS

Perfectly tailored to your occasion,

are the air-conditioned event rooms who offer a personal atmosphere and modern equipment. All of the conference rooms on the ground floor and 1st floor provide pleasant daylight for working and can be completely darkened if necessary. The numbers of persons listed represent the largest number of guests and are reduced according to the applicable distance and hygiene requirements.

HAPPENINGS

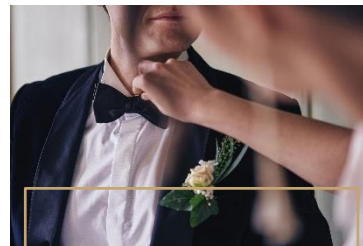

There are hundreds of reasons to stay in Wernigerode and our house!

A get-together with the whole family, a big romantic day, the wellness or motorbike trip, strolling through a historical stand and the surroundings, enjoying natural spectacles and cultural highlights,.

Adrenalin in the Harz adventure world - these are just a few points that Wernigerode has to offer. There are plenty of reasons to treat yourself to some time out in the middle of Germany. And with so many possibilities, this getaway quickly becomes a longer holiday or a (longing) addiction!

IT STAYS WITHIN THE FAMILY

You probably know the feeling: the whole family is scattered in all directions and only gets together for the big occasions. In the middle of Germany and with the best connections to the motorway and railways, Wernigerode is the ideal meeting place!

Whether it's a round birthday, a wedding anniversary or simply the annual family reunion – this is always the right place!

From a small group in our Bohlenstube, to a larger circle in our Ritterstube, to a large party in the Raum Rügen or the Winkeller 1360 - we have the perfect venues, the excellent gastronomy and, above all, a lot of passion in the joint preparation as well as during your festive event.

WHO'S GETTING MARRIED?

How exciting! The big day is approaching, the bride and groom have made themselves up nicely, and the guests are also dressed up. Off we go to the registry office right next door in Wernigerode town hall. And we have prepared everything perfectly for the rest of the day!

The bride and groom only have to focus on saying "I do", because the festivities with up to 100 guests have already been organised.

If you want to start your big day this relaxed, we are the best partner to have by your side. Say „I do“?

P.S.: The Gothisches Haus is also the eprfect place for an engagement or bachelor/bachelorette party!

GIRLS & BOYS

An excursion with good friends is worth a mint! Whether you want to engage in relaxation & wellness, in feasting & slurping or on biking, motorcycling & convertibles is completely irrelevant. The important thin is that you share the experience and everyone enjoys!

Relax in our wellness area with regional treatments or a joint soap workshop. Enjoy Harz tapas, specially created desserts and unusual cocktails with a twist in our guest lounges.

Let the Harz air fly around your head on the many interesting paths and roads and experience a great piece of freedom.

CITY & COUNTRYSIDE

Wernigerode - the colourful town on the Harz mountains - offers living history at every turn: medieval alleys, historic half-timbered houses and all around plenty of history and stories from times long past. A stroll through the city centre holds many surprises and inspires with new discoveries.

The nearby **World Heritage town of Quedlinburg** with its historically built city centre on 80 hectares is one of the largest area monuments in Germany.

Goslar to the west also scores with World Heritage sites: the Rammelsberg ore mine, the old town and the Oberharzer Wasserwirtschaft (Upper Harz Water Management) provide insights into the past and outlooks into the present & future.

There are plenty of excursion options around Wernigerode, so everyone can find something to their taste.

NATURE & CULTURE

The Harz Mountains are one of the most popular hiking regions in Germany. Easily accessible and attractive all year round, the Harz has a well-signposted network of hiking trails with over 8,000 km. With the **Harzer Wandernadel** you can discover the most beautiful and interesting places in the Harz, suitable for professional hikers as well as for the inexperienced little hiker. Along the way, you can stroll along one of the more than 20 dams, or one of the many waterfalls in the region, and often learn interesting facts about the history and significance of water management in the Harz. Many gardens & parks, castles & palaces, churches & monasteries can also be found among the 222 postmarks and the thematic special postmarks. **Be careful, it's addictive!**

Oh, by the way – one of our rooms even offers a great view of the Brocken, the highest elevation in the Harz Mountains, as well as Schloss Wernigerode!

Culture is not neglected in the Harz either: castle festivals, (open air) concerts, international music competitions, museums and exhibitions, theatres, cinemas and small theatres, and much more delight those interested in culture.

ACTIVE & EXPERIENCE

The **Erlebniswelt Harz** (Harz World of Adventure) has lots of fun and action in store for active people!

Whether it's the summer bob & monster scooter, tree top walk & tree hoist, cable cars, high ropes courses or even balloon rides, paragliding & sightseeing flights - nothing is too high or too far here.

A very special highlight is located at the Rappbode Dam:

The Titan RT is the **longest suspension bridge** of its kind in the world. At a height of 100m, the filigree rope construction spans the Bode reservoir. With a little courage and sturdy shoes, you can enjoy the great view.

The very brave plunge into the depths in free fall on the **Gigaswing** or glide over the suspension bridge into the valley on the **Megazipline**.

It certainly won't be boring in the Harz Mountains!
